

NATIONAL CORN YIELD CONTEST®

Sales Rep Login

Are you a Sales Rep using NCYC individual grower entry for your customers? If so, there are some solid reasons to change that in 2021.

The Sales Rep hub provides one-stop access all your grower entrants' contest activities and confirmations throughout the year. And once you have a grower established in the database, that information is available year after year.

To get started, go to ncga.com/ncyc and select the SALES REP ENTER HERE* button to set up your login with your own email address and password you set.

Once your login is established, add your growers' information. You'll need their NCGA membership number or state membership number, (they are the same) along with the full name, mailing address, phone and email.

You don't have the entrant membership number? Call NCGA or email. Contact info is at the bottom of the page.

Your entrant isn't an NCGA member? Hold off on purchasing a new membership until you find out if their brand is in a voucher program that covers the cost. And if a membership has lapsed, there is still a membership number, no reason to reinvent the wheel. Avoid headaches and manage membership and entry fees through the Sales Rep hub.

If a hybrid falls under the 2021 Voucher program, some or all cost may be covered (see the 2021 Entry and Harvest Rules) . Payment details will be included on the final entry confirmation. Keep copies of all the confirmations.

2021 Contest Timeline

EARLY ENTRY \$75 plus membership
